

Fishery Notice - Fisheries and Oceans Canada

Subject: FN0210-Pacific Fishery Licence Unit - National Online Licensing System Update

Beginning in 2013, a web-based information system will replace in-person payments of licensing fees at Fisheries and Oceans Canada (DFO) offices. Harvesters will use the new National Online Licensing System to go online to pay for and print their commercial fishing licences and licence conditions.

The DFO passcode will be mailed to harvesters over the upcoming months in a phased approach. DFO licencing personnel will continue to be available for your licencing requests at the existing DFO offices during this phase in period. Once harvesters receive a passcode, however; they should access the online licencing system to view their information, complete renewals, fee payments, and print documents.

Client support will be available via e-mail (fishing-peche@dfo-mpo.gc.ca) or toll-free telephone (1-877-535-7307).

In-person support will be available by appointment.

Further information on these new changes can be found at: www.dfo-mpo.gc.ca/fm-gp/sdc-cps/index-eng.htm.
