Harvest Questionnaire – 2026 Sea Cucumber Quota Management Areas (QMA)

The DFO and the PSCHA are seeking on-grounds observations from harvesters on each of the QMAs. Harvesters are encouraged to fill out this questionnaire out and return it to D&D along with your validation slip or harvest charts. The questionnaires will be provided to DFO and will be considered in the management of the fishery. Any observations (both negative and positive) you are willing to provide will be helpful.

HAIDA GWAII
2A Selwyn Inlet
2B North Darwin
2C South Darwin
2D Juan Perez
2E Section Cove
2F Skincuttle

NORTH COAST
3A Work Channel
3B Portland Inlet
3C Steamer Pass
3D Pearse Canal
4A West Dundas
4B East Dundas
5H Grenville North
6E Princess Royal Ch
6F West Aristazabal
6J Surf Inlet
6L Tolmie Ch

CENTRAL COAST
7C Fisher/Dean
7G Sheep Pass
7H Upper Mathieson
7I Lower Mathieson
7J Spiller
7M Chatfield/Briggs
7N Finlayson North
7O Finlayson South
7P Milbanke Sound
8E FitzHugh/Burke S
9C North Rivers Inlet

SOUTH COAST IW
11A Belize Inlet
11B Seymour Inlet
11D Slingsby Ch
12E Broughton
12F Wells Passage
12L Tribune Ch
12P N. Johnstone St
12Q S. Johnstone St
13A Quadra/Cortes
13D Loughborough
15A West Redonda
15B East Redonda
28A Howe Sound

WCVI
24A North Clayoquot
24B South Clayoquot
25A Nootka/Tahsis
25B Muchalat/Tlupana

QMA Name		**Please circle one**
		1. The quota for this QMA should be: **Higher Same Lower** 2. Did you see any juvenile sea cucumbers (smaller than a pencil)? **None Few Lots** 3. **At what depth would you say you were harvesting at on average?** **IF** you have fished this QMA multiple times: 4. Have you noticed a decrease in density over time? **Y N** Size? **Y N** 5. Do you fish the same spots within the QMA year after year or do you try new spots? **NEW SPOTS** **SAME SPOTS** Other comments/observations: Habitat? Sea cucumber size? Density?
